Dear parents.

Another exiting month has gone by at Starfish International Kindergarten. What a wonderful one it was. The first week of the month was spent learning about autumn. The students made several autumn related crafts, including a beautiful autumn landscape that we have displayed proudly in our art room.

This season is also perfect for outdoor activities, as it’s cooling down, providing us with the opportunity to be active on the play ground. And the children love it. Balls in all sizes are very popular with the children, and we have been doing a lot of balance activities on the big fitness ball. It is a great way to work on the children’s balance and motor skills, and the children all love it.

Book week was also a huge success and we made some great paintings inspired by the book “The very hungry Caterpillar.”
But the highlight of this month was Halloween. We all had so much fun preparing the party, decorating with scary stuff everywhere. And what a fantastic party it was. I loved hiding under the stairs and seeing the children coming in the costumes and “trick or treating”, decorating cupcakes seemed like a fun and tasty activity, even if some of the children didn’t have time to decorate before eating. Thank you to all of the parents who came to share this fun day with us, and thanks for all the lovely treats you brought in to share. Hope we didn’t scare you too much with the skeleton in our bathroom!
Best regards
Lisbeth and the SIK team.
A big welcome to Tea, Yui, Shota, Shuntaro and their families, who have joined us this month. It’s such a joy to see our kindergarten grow and I would like to thank you all for the confidence you show us. Please let me know if you have suggestions or concerns, we always value your feedback.

Art and craft.

We would still love to receive boxes, magazines and other materials we can use for art and crafts. Thank you.
